The mission of the Stanislaus Caregiver Resource Fair is to provide a “one stop shop” means of support and empowerment to all caregivers in the community. The purpose of the fair is to provide relevant and evidence-based resources and support (resource tables, free health-checks and screenings, motivational speakers, raffle, stress and anxiety reducing activities/education) with the aim to reduce the overwhelming stresses and pressures that accompany being a caregiver. Leaders in the caregiving and aging community will have the opportunity to network and build relationships together to better serve this population.
